# WITHIN THESE WALLS

*Go ahead, take a look around.*

*Every item you see has a story and a purpose. We put just as much thought and love into this space as we did our food – and we truly hope you enjoy both.*

*The bar and chef's counter are faced in encaustic tiles designed by world renowned interior architect and furniture designer, Francisco Segarra. These beautiful tiles were made in Spain.*

*The black & white paintings were commissioned by Nashville artist, Angela Simone, whose work has appeared prominently on television (the hit show Nashville) and in magazines. Her prints also have a devoted online following. Angela was inspired by the botanical elements of both the space and namesake of Eden, which means 'bountiful garden'.*

*Framed vintage mudcloths, sourced from around the world, are a nod to the fermentation processes our chefs love to work with at Eden, as mudcloth is also created from the fermentation of...you guessed it – mud!*

*The fiber art displayed at Eden was commissioned by Justine Depalma. When she's not at her day job, Creative Director for Whole Foods, the New Jersey based artist creates stunning fiber pieces using all-natural dyes. Our piece was created specifically for Eden with Turmeric, Indigo and Green Tea.*

*Our custom zinc tables were designed in house and sourced locally through Meg Piercy and her family run company MegMade. And with Eden being a family run restaurant, we always look to support similar small, local businesses.*

*Our communal tables and host stand were made locally from beautiful reclaimed wood by another family run business, Square Nail. Cement lighting pendants throughout Eden are constructed from concrete to create exceptionally energy efficient lights compared to glass or metal, furthering our commitment to green living.*

## A LABOR OF LOVE

---

*Eden is the longtime dream of Jodi Fyfe and Devon Quinn. Inspired by cuisine, travels, and yes – even botany, this husband & wife team brought their ideas together to create a space and experience unique to the city.*

*So eat, toast, chat, laugh, relax, celebrate – anything you do over amazing food and drink. We're happy to have you.*

## THE GREEN HOUSE

---

*Fresh, local ingredients are important to us. So important that we built a 500 square foot greenhouse and garden just outside our doors. There's nothing like it in the city!*

*Plus, in true 'family-run business' fashion, it was all built by our Chef Partner Devon Quinn and his father, Tom.*

*So what does this all mean? That with our current growing program, a multitude of herbs and greens will make the short journey from urban garden to plate all year round. It's a difference you'll be able to taste.*

*And we won't stop at the food. Be sure to keep an eye on our cocktail menu too!*

# S U S T A I N A B L E , O R G A N I C A N D B I O D Y N A M I C W I N E M A K I N G

*Winegrowers around the world have adopted Sustainable, Organic and Biodynamic® farming practices that have helped to greatly improve the quality of the wines and the environment. Today's finest winemakers apply in-depth knowledge of soil chemistry and microbiology to inform winegrowing that favors traditional techniques, like turning over the soil rather than using herbicides. These approaches to winegrowing carry a long commitment to making healthy wines with low environmental impact.*

## \* S U S T A I N A B L E

*Sustainable winegrowing and winemaking emphasize environmentally friendly, socially equitable and economically feasible production, including organic practices, increasing vineyard biodiversity, soil revitalization, renewable energy and conservation, and water reclamation.*

*Sustainable farming is often the first step toward organic farming.*

## \* \* O R G A N I C

*Through organic farming, over time, chemical products are removed from the soil and the vineyards attain better chemical and microbiological balance, which results in better grapes.*

## \* \* \* B I O D Y N A M I C

*Biodynamic farming is used to make many wines from Alsace, Burgundy, the Loire, Champagne, the Rhône, Jura, Spain, Germany, Italy, California and New Zealand.*

*Biodynamics eliminates synthetic chemicals and encourages biodiversity and the use of homeopathic herbs instead of commercial fertilizer, weed killer and pesticides. Natural treatments (special mixtures added to compost), herbs (valerian or nettles), natural predators (ladybugs), cover crops and native animals are used.*

NV Krug Grande Cuvee, 163 EDITION, Champagne, FRA | 450

*This bottle belongs to the 163rd Edition of Krug Grande Cuvee and is an extraordinary blend of 183 wines from 12 different years, the oldest from 1990 and the youngest from 2007. Every glass of this bottle of Krug Grande Cuvee is the fruit of more than 20 years of patience and crafting.*

*Notes of toasted bread, hazelnut, nougat, barley sugar and jellied fruits may take you by surprise. You may even taste hints of apples still on the tree, flowers in bloom, ripe and dried fruit, almonds, marzipan, gingerbread, sweet spices and even brioche and honey. You may also notice its exceptional freshness in the mouth, with rich and tangy flavors of lemon and grapefruit enhanced by the subtlety of its fine and elegant bubbles. Krug Grande Cuvee can age beautifully.*

FEATURED  
MARQUÉS DE VARGAS  
RIOJA, SPAIN

*2014 Selection Privada | \$155 \*\**

*The handpicked and carefully selected grapes in boxes of 15 kg come from the three single vineyard plots: "El Consul", "La Misela" and "Terrazas".*

*Clear, deep ruby color with violet rims. Clean, fresh and pronounced on the nose, with complex aromas and eucalyptus notes. Elegant fragrance of black fruit and fresh herbal hints of mint and balsamic. On the palate, very well integrated acidity and tannins from the two years in new Caucasian oak barrels. Sophisticated range of ripe fruit flavors of nice intensity and a long finish, with a good potential for ageing.*

*The wine is made traditionally according to the old-world methods side by side with the latest technology. The wine is bottled without any fining or filtering, resulting in an unprocessed and fully natural wine.*

*Marqués de Vargas subscribes to the environmentally friendly concept and practice of sustainable winegrowing. Herbicides and pesticides are not used in our vineyards.*
